The authorised representatives of the Seller are: Mr. Tim Diplock and Mr. Simon Diplock and Mr Sheldon Diplock and Mr Braden Diplock and Mr Rol Diplock; 2.3 The Seller's employees or agents are not authorised to make any representations concerning the Goods unless confirmed by the Seller in writing, in entering into the Contract the Buyer acknowledges that it does not rely on any such representations which are not so confirmed, but nothing in these Terms affects the liability of either party for fraudulent misrepresentation; 2.4 Any advice or recommendation given by the Seller or its employees or agents to the Buyer or its employees or agents as to the storage, application or use of the Goods which is not confirmed in writing by the Seller is followed or acted on entirely at the Buyer's own risk, and accordingly the Seller shall not be liable for any such advice or recommendation which is not so confirmed; 2.5 Any typographical, clerical or other error or omission in any sales literature, quotation, price list, agreement of offer, invoice or other document or information

A working day is any day other than weekends and bank or other public holidays. If you exercise your right of cancellation after the goods have been delivered to you, you must (at your own cost) return the Goods to the Seller at the Seller's address shown opposite. You must ensure the goods are not damaged prior to their return. Once you have notified the Supplier that you are cancelling the Contract, the Supplier will refund or re-credit you within 30 days for any sum that has been paid by you or debited from your credit card for the Goods. If you do not

return the Goods as required, the Seller may charge you a sum not exceeding the direct costs of recovering the Goods; 4 **Price of the goods** 4.1 The price of the Goods shall be the Seller's quoted price or, where no price has been quoted (or a quoted price is no longer valid), the price listed in the Seller's published price list current at the date of acceptance of the order. All prices quoted are valid for 30 days only or until earlier acceptance by the Buyer, after which time they may be altered by the Seller without giving notice to the Buyer; 4.2 The Seller reserves the right, by giving written notice to the Buyer at any time before delivery, to increase the price of the Goods to reflect any increase in the cost to the Seller which will factor beyond the control of the Seller (such as, without limitation, any foreign exchange fluctuation, currency regulation, alteration of duties, significant increase in the costs of labour, materials or other costs of manufacture), any change in delivery dates, quantities or specifications for the Goods which is requested by the Buyer, or any delay caused by any instructions of the Buyer or failure of the Buyer to give the Seller adequate information or instructions; 4.3 Except as otherwise stated in the Seller's written quotation or in any price list of the Seller, and unless otherwise agreed in writing between the Buyer and the Seller, all prices are given by the Seller on an ex-works basis, and where the Seller agrees to deliver the Goods otherwise than at the Seller's premises, the Buyer shall be liable to pay the Seller's charges for transport, packaging and insurance; 4.4 The price is exclusive of any applicable value added tax, which the Buyer shall be additionally liable to pay to the Seller; 4.5 The cost of pallets and returnable containers will be charged to the Buyer in addition to the price of the Goods, but full credit will be given to the Buyer provided they are returned undamaged to the Seller before the due payment date; 5 **Terms of payment** 5.1 Subject to any special terms agreed in Writing between the Buyer and the Seller, the Seller may invoice the Buyer for the price of the Goods on or at any time after delivery of the Goods, unless the Goods are to be collected by the Buyer or the Buyer wrongfully fails to take delivery of the Goods, in which event the Seller shall be entitled to invoice the Buyer for the price at any time after the Seller has notified the Buyer that the Goods are ready for collection or (as the case may be) the Seller has tendered delivery of the Goods; 5.2 The Buyer shall pay the price of the Goods (less any discount to which the Buyer is entitled, but without any other deduction): (a) if the Buyer is not an account customer, at the time of order; or (b) if the Buyer is an account customer, within 28 days of the date of the Seller's invoice, and the Seller shall be entitled to recover the price, notwithstanding that delivery may not have taken place and the property in the Goods has not passed to the Buyer. The time of payment of the price shall be of the essence of the Contract. Receipts for payment will be issued only on request; 5.3 If the Buyer fails to make any payment on the due date then, without limiting any other right or remedy available to the Seller, the Seller may: (a) cancel the contract or suspend any further deliveries to the Buyer; (b) appropriate any payment made by the Buyer to such of the Goods (or the goods supplied under any other contract between the Buyer and the Seller) as the Seller may think fit (notwithstanding any purported appropriation by the Buyer); and (c) charge the Buyer interest (both before and after any judgment) on the amount unpaid, at the rate of 3½% per annum above the base lending rate of Lloyds TSB Bank Plc from time to time, until payment in full is made (a part of a month being treated as a full month for the purpose of calculating interest); 6 **Delivery** 6.1 Delivery of the Goods shall be made by the Buyer collecting the Goods at the Seller's premises at any time after the Seller has notified the Buyer that the Goods are ready for collection or, if some other place for delivery is agreed by the Seller, by the Seller delivering the Goods to that place; 6.2 Any dates quoted for delivery of the Goods are approximate only and the Seller shall not be liable for any delay in delivery of the Goods however caused. Time for delivery shall not be of the essence of the Contract unless previously agreed by the Seller in Writing. The Goods may be delivered by the Seller in advance of the quoted delivery date on giving reasonable notice to the Buyer; 6.3 Where delivery of the Goods is to be made by the Seller in bulk, the Seller reserves the right to deliver up to 5% per cent more or less than the quantity ordered without any adjustment in the price, and the quantity so delivered shall be deemed to be the quantity ordered; 6.4 Where the Goods are to be delivered in instalments, each delivery shall constitute a separate contract and failure by the Seller to deliver any one or more of the instalments in accordance with these Terms or any claim by the Buyer in respect of any one or more instalments shall not entitle the Buyer to treat the Contract as a whole as repudiated; 6.5 If the Seller fails to deliver the Goods (or any instalment) for any reason other than any cause beyond the Seller's reasonable control or the Buyer's fault, and the Seller is accordingly liable to the Buyer, the Seller's liability shall be limited to the excess (if any) of the cost to the Buyer (in the cheapest available market) of similar goods to replace those not delivered over the price of the Goods; 6.6 If the Buyer fails to take delivery of the Goods or fails to give the Seller adequate delivery instructions at the time stated for delivery (otherwise than by reason of any cause beyond the Buyer's reasonable control or by reason of the Seller's fault) then, without limiting any other right or remedy available to the Seller, the Seller may: (a) store the Goods until actual delivery and charge the Buyer for the reasonable costs (including insurance) of storage; or (b) sell the Goods at the best price readily obtainable and (after deducting all reasonable storage and selling expenses) account to the Buyer for the excess over the price under the Contract or charge the Buyer for any shortfall below the price under the Contract; 7 **Risk and property** 7.1 Risk of damage to or loss of the Goods shall pass to the Buyer: (a) in the case of Goods to be delivered at the Seller's premises, at the time when the Seller notifies the Buyer that the Goods are available for collection; or (b) in the case of Goods to be delivered otherwise than at the Seller's premises, at the time of delivery or, if the Buyer wrongfully fails to take delivery of the Goods, the time when the Seller has tendered delivery of the Goods; 7.2 Notwithstanding delivery and the passing of risk in the Goods, or any other provision of these Terms, the property in the Goods shall not pass to the Buyer until the Seller has received in cash or cleared funds payment in full of the price of the Goods and all other goods agreed to be sold by the Seller to the Buyer for which payment has then been made; 7.3 Until such time as the property in the Goods passes to the Buyer, the Buyer shall hold the Goods as the Seller's fiduciary agent and bailee, and shall keep the Goods separate from those of the Buyer and third parties and properly stored, protected

and insured and identified as the Seller's property, but the Buyer may resell or use the Goods in the ordinary course of its business; 7.4 Until such time as the property in the Goods passes to the Buyer (and provided the Goods are still in existence and have not been resold), the Seller may at any time require the Buyer to deliver to the Seller and, if the Buyer fails to do so forthwith, enter on any premises of the Buyer or any third party where the Goods are stored and repossess the Goods; 7.5 The Buyer shall not be entitled to pledge, create a lien over or in any way charge by way of security for any indebtedness any of the Goods which remain the property of the Seller, but if the Buyer does so all monies owing by the Buyer to the Seller shall (without limiting any other right or remedy of the Seller) forthwith become due and payable; 8 **Warranties and liability** 8.1 Subject to clauses 8.2 and 8.3 below, except where the Goods are sold to a person dealing as a consumer (within the meaning of the Unfair Contract Terms Act 1977), all warranties, conditions or other terms implied by statute or common law are excluded to the fullest extent permitted by law. If delivery is not refused, and the Buyer does not notify the Seller accordingly, the Buyer shall not be entitled to reject the Goods and the Seller shall have no liability for such defect or failure, and the Buyer shall be bound to pay the price as if the Goods had been delivered in accordance with the Contract. In no event shall the Buyer be entitled to reject the Goods on the basis of any defect or failure which is so slight that it would be unreasonable for him to reject them; 8.5 Where a valid claim in respect of any of the Goods which is based on a defect in the quality or condition of the Goods or their failure to meet specification is notified to the Seller in accordance with these Terms, the Seller may replace the Goods (or the part in question) free of charge or, at the Seller's sole discretion, refund to the Buyer the price of the Goods (or a proportionate part of the price), in which case the Seller shall have no further liability to the Buyer; 8.6 Except in respect of death or personal injury caused by the Seller's negligence, or liability for defective products under the Consumer Protection Act 1987, the Seller shall not be liable to the Buyer by reason of any representation (unless fraudulent), or any implied warranty, condition or other term, or any duty at common law, or under the express terms of the Contract, for loss of profit or for any indirect, special or consequential loss or damage, costs, expenses or other claims for compensation whatsoever (whether caused by the negligence of the Seller, its employees or agents or otherwise) which arise out of or in connection with the supply of the Goods (including any delay in supplying or any failure to supply the Goods in accordance with the Contract or at all or their use or resale by the Buyer, and the entire liability of the Seller under or in connection with the Contract shall not exceed the price of the Goods, except as expressly provided in these Terms; 8.7 The Seller shall not be liable to the Buyer or be deemed to be in breach of the Contract by reason of any delay in performing, or any failure to perform, any of the Seller's obligations in relation to the Goods, if the delay or failure was due to any cause beyond the Seller's reasonable control; Without limiting the foregoing, the following shall be regarded as causes beyond the Seller's reasonable control: (a) Act of God, explosion, flood, tempest, fire or accident; (b) war or threat of war, sabotage, insurrection, civil disturbance or requisition; (c) acts, restrictions, regulations, bye-laws, prohibitions or measures of any kind on the part of any governmental, parliamentary or local authority; (d) import or export regulations or embargoes; (e) strikes, lock-outs or other industrial actions or trade disputes (whether involving employees of the Seller or of a third party); (f) difficulties in obtaining raw materials, labour, fuel, parts or machinery; (g) power failure or breakdown in machinery; 9 **Insolvency of Buyer** 9.1 This clause 9 applies if: (a) the Buyer makes a composition or voluntary arrangement with its creditors or (being an individual or firm) becomes bankrupt or (being a company) enters administration or goes into liquidation (otherwise than for the purposes of amalgamation or reconstruction), or a moratorium comes into force in respect of the Buyer (within the meaning of the Insolvency Act 1986); or (b) an encumbrancer takes possession, or a receiver is appointed, of any of the property or assets of the Buyer; 9.2 If the Buyer ceases, or threatens to cease, to carry on business; or (c) the Seller reasonably apprehends that any of the events mentioned above is about to occur in relation to the Buyer and notifies the Buyer accordingly; 9.2 If this clause applies then, without limiting any other right or remedy available to the Seller, the Seller may cancel the Contract or suspend any further deliveries under the Contract without any liability to the Buyer, and if the Goods have been delivered but not paid for the price shall become immediately due and payable notwithstanding any previous agreement or arrangement to the contrary; 10 **General** 10.1 A notice required or permitted to be given by either party to the other under these Terms shall be in writing addressed to that other party at its registered office or principal place of business (or such other address as may at the relevant time have been notified pursuant to this provision to the party giving the notice); 10.2 No waiver by the Seller of any breach of the Contract by the Buyer shall be considered as a waiver of any subsequent breach of the same or any other provision; 10.3 If any provision of the Contract is held by a court or other competent authority to be invalid or unenforceable in whole or in part the validity of the other provisions of the Contract and any remainder in force and effect shall not be affected; 10.4 The Contract shall be governed by the law of England, and the Buyer agrees to submit to the non-exclusive jurisdiction of the English courts.
